CAPABILITY STATEMENT - MEDICAL GASES

AKEA, Inc. is a minority-owned, verified Service-Disabled Veteran-Owned Small Business that provides construction and design-build services to federal, public, institutional, and commercial clients.

In order to better serve the needs of our clients, AKEA, Inc. has the licensing and ability to provide medical gas services in the State of Florida. Under NAICS Code 325120 - Industrial Gas Manufacturing, AKEA can provide medical gases that conform to specifications prescribed in the U.S. Pharmacopeia and the National Formulary, and are manufactured, processed, packed, transported, and stored according to the FDA's Current Good Manufacturing Practice Regulations and Title 21, Code of Federal Regulations, Parts 210, 211, and 201 for labeling.

AKEA has worked with the Veterans Administration to provide medical gases to several of their VA Outpatient Clinics in Florida including clinics in Orlando, Viera, Daytona, Leesburg, Orange City, Kissimmee, and Clermont, and hospitals in Lake Baldwin and Lake Nona.

AKEA would be happy to discuss options for assisting your organization with your medical gas needs.
