## CAPABILITY STATEMENT - SERVICES

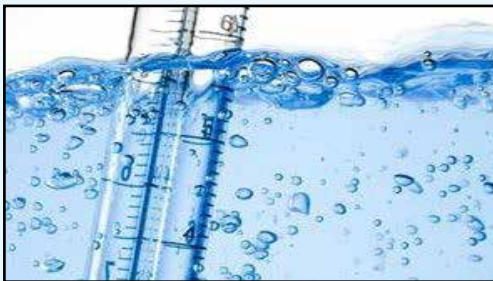

AKEA, Inc. is a minority-owned, verified Service-Disabled Veteran-Owned Small Business that provides construction and design-build services to federal, public, institutional, and commercial clients.

As a minority-owned, Service-Disabled Veteran-Owned Small Business, AKEA has the ability to provide specialized services to other companies such as offering staff augmentation to meet minority and service-disabled requirements for larger firms doing business with government agencies.

We also offer Air Quality and Water Quality Testing services in partnership with Wood Group/AMEC Foster Wheeler; AKEA is currently augmenting AMEC staff on a nationwide water sampling project for the EPA.

AKEA is also performing quarterly indoor and outdoor Air Quality Sampling/Testing in partnership with Pure Air Control Services at the VA Regional Offices in St. Petersburg, FL.

AKEA would be happy to discuss options for assisting your organization with sampling, testing, and staff augmentation needs.

wood.
